**Strategic Services International and Patriot Technologies Form
Strategic Partnership to Deliver Security Services
and Technology**

*Combined technology and experience deliver reliable, effective, and innovative solutions to
government and corporate organizations*

October 14, 2008 – Strategic Services International, Inc.(SSII), a Service Disabled Veteran Owned Business (SDVOB), and Patriot Technologies today announced a strategic partnership which will create key government and corporate IT network security solutions by combining Patriot Technologies' leading security solutions with SSII's results-oriented consulting, implementation and training services in support of disabled veterans initiatives.

"We are very excited to be able to partner with Patriot Technologies," said Mr. Derek Swanson, President of Strategic Services International, Inc. "Patriot has an outstanding reputation in the Federal Government, commercial and industrial sectors and has developed a number of innovative solutions which secure customers' enterprise IT infrastructures. At SSII, we will couple Patriot's technology with remediation, process assessment, education, and customer-specific management services. Our end goal is increased compliance at a greatly reduced total-cost-of-ownership," said Swanson.

According to Steve Keefe, Patriot's President of Security Appliance Manufacturing & Founder, "Patriot is excited to be in a position to help enable service disabled veterans create business opportunities. In partnering with SSI we've assembled a team approach to bring innovative security solutions to federal customers the world over.

About Strategic Services International, Inc. (SSII)

Strategic Services International, Inc. is a Service Disabled Veteran Owned Business. A member of the Elite Service Disabled Veteran Network, SSII provides a variety of management and business performance consulting services for federal agencies, state and local governments, and the commercial and industrial sector.
